## MSA MEDIA CIRCULAR 1 of 2015

### 'NO-GO' AREA AT ZWARTKOPS RACEWAY

Following a number of serious incidents and accidents where one resulted in a fatality in 2014, MSA in consultation with Zwartkops management agreed that in the interest of safety, that almost the entire Turn 5 (Table Top – See attached graphic marked in red) is now officially declared a no-go area.

This no-go area includes the removal of the marshal post that was previously stationed in the cut through section of the barrier line. Zwartkops has removed the marshals to a safer position behind the debris fence and placed a pedestrian gate for marshal access only.

This gate will allow marshals to enter the danger zone only once a situation has been neutralized.

At no point may any media be allowed in this area. The marshals have been instructed to report any media failing to adhere to this instruction and have them removed immediately (even if it means a request to the CoC to red flag a race in order to effect such removal).

Any reports received by MSA of media members failing to adhere to this 'No-Go' area may have all media access and accreditation revoked immediately.

We trust that our avid media core will receive this in the spirit it is intended and we trust you will continue to exercise caution in the performing of your duties.
